To Four Special Men

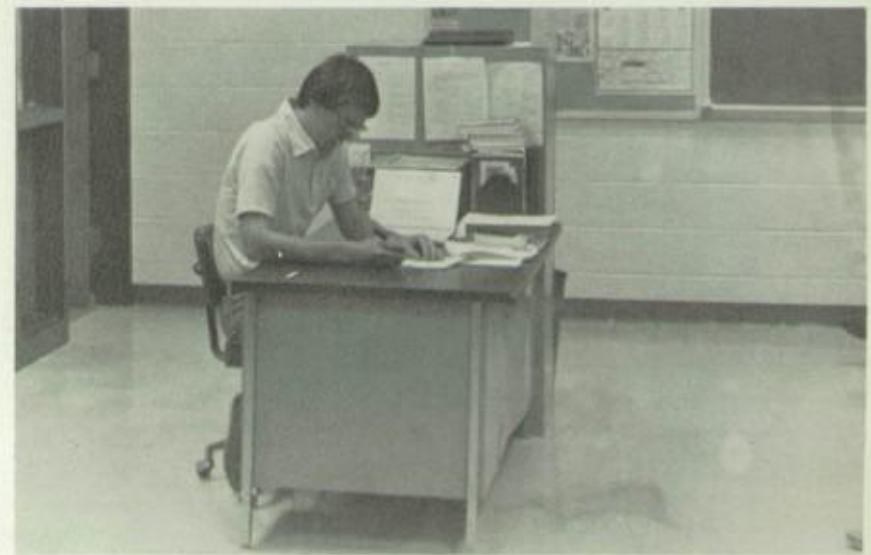

The Senior Class would like to acknowledge a very dear, warmhearted man. He has a kind heart and a pleasing smile which makes all of his students feel comfortable with him. As a coach, he is a hard-working man, always trying to improve his team. He understands and cares about his athletes as individuals, not just as a team. He tries to bring out all the potential in his athletes and always works to improve the individual along with the team. For being the very dear and caring man that you are we would like to acknowledge you, Mr. Al Larsen, in the 1982 Wilmot Annual.

We, the Senior Class of 1982, would like to acknowledge this very spirited man. As a teacher, he keeps his students interested, using his bits of "trivia". His humorous way of keeping his classes interesting makes his students want to learn. As a coach and advisor, he is a hard-working man. As a friend, he will talk to anyone, anytime. He has a very open and understanding manner, and he "tells it like it is". For his constant smile, friendliness, and his comical bits of trivia, we, the Class of 1982, would like to acknowledge you. Mr. Bill Bejin, in this special edition of our Annual.

We the class of 1982, would like to acknowledge a very special man, who can always get his students to laugh. As a teacher, he has the ability to make his classes enjoyable, while his students are constantly learning. As a friend- he has the very rare ability to get people to laugh, even at his most stupid jokes, (which most of his jokes are). He always tries to put on his "Harvey Hard-Core" front, but anyone who knows him, knows he is a "Pushover" with a warm heart. His students may hassle him occasionally, (especially 6th hour MIA), but only because they care for him so much. For your "Hard Core" self and mostly you as the "Pushover", we the Senior Class would like to acknowledge you, Mr. Michael Palmer, in our 50th yearbook.

We, the Senior Class of 1982, wish to acknowledge a very special person. He spreads his good humor, (well, sometimes) throughout his classes and makes them interesting enough to handle sitting through. He is always there to lend a helping-hand to anyone who is in need. He is someone who does truly care. So for this and many, many other reasons we would like to acknowledge you, Mr. Steve Gilbert, in our yearbook.

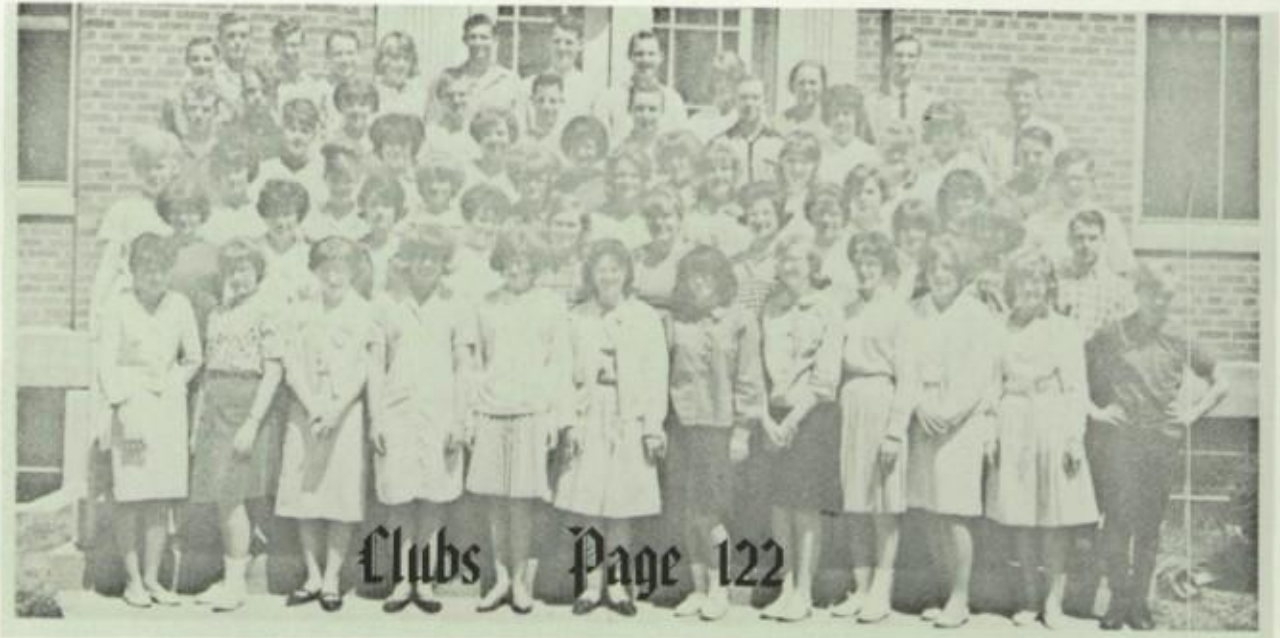

To A Very Special Lady

We, the Senior Class of 1982, would like to dedicate our annual to this very special lady. Though she has only been at Wilmot a few years she has made many friends. As a teacher, she is a special lady. It is always a pleasure to walk into her classroom because no matter what, she will be wearing a smile. She is always willing to put in the extra time to help her students. As a friend, she is always there to talk to. She not only listens, but she hears and understands. Always taking the time to be a friend to the students here at Wilmot has gotten her a lot of respect. As a coach, she is very dedicated, always putting the individual and the team before herself. To this very special lady, for being the great friend she is to everyone, we the Senior Class of 1982, would like to dedicate Wilmot's 50th Panther to you, Mrs. Karen Gray.

Paging Through The Past

Welcome to the *Fiftieth Panther* of WHS. We are glad that you have joined us as we take a glance into the past.

There have been many changes over the past fifty volumes. The original yearbook, printed in 1917 was called *The Echo*. This title was changed to *The Panther* in 1945. The first seven volumes of *The Echo* came out every four years. That is why, although Wilmot High School has been open for sixty-nine years, this is our golden yearbook. The annual became a yearly book in 1940. Up until 1941, the covers were paper. We had a paper cover again in 1944 (due to World War II), but

we have had hard covers ever since then.

The classes have not changed much over the years. The numbers are greater and hair and clothing styles have changed, but the Freshmen are just as silly, and the Seniors are just as anxious for graduation.

The biggest change that has occurred is in the number of extra-curricular activities. Originally, WHS had a Glee Club and Chess Club. Now, there are a variety of clubs and activities for students to become involved in. Variety in sports has also increased. We started out with Boys Basketball, Track, and Baseball. At present, we have seven boys sports plus seven sports for the girls. There really is "something for everyone."

Even the school colors have changed. Teams wore green and white in 1917. Each class also chose its own colors. Now, everyone is united behind cardinal and white. Seniors have retained their choice of graduation colors, however.

How three teachers ever taught the four grades we'll never know. The Faculty has grown in size, but classes are still full. We have many more courses to choose from and a variety of special services are available to our student body.

In 1975, the Junior Prom changed the tradition of having the dance at school. The first "away Prom" was held at the Lake Geneva Playboy Club.

Wilmot High School and *The Panther* have changed in many ways over the years. As we look through our *Fiftieth Panther* we hope you enjoy seeing the history of our school.

King Mark and Queen Kelly

The 1981 Junior Prom turned out to be a successful and fun evening. The decorations at the Lake Geneva Hilton were beautiful, the lights were low, and everyone looked their best as they danced to the music of Bushwack.

Court members waited with tension to hear who would take John Heilgeist's and Kim Rausch's places as King and Queen. Finally, Mark Ransavage and Kelli Keenan were crowned the 1981 Prom King and Queen.

The evening had a fun and romantic air to it as those present enjoyed making memories. Special thanks to all who worked extra hard to make Prom '81 a success.

"Just Between You and Me" was the theme for this years Homecoming. The week was fun and exciting with Hat Day on Monday, Class Distinction Day on Tuesday, Spirit sign-up Day on Wednesday, "Hush me" Button Day on Thursday, and Red and White Day on Friday.

The Senior skit won first place at the Friday afternoon assembly. Charlie Stephen was awarded the "Mr. Adorable" award. The freshman class was awarded for being the most spirited class. Paul Riley received an award for collecting the most "Hush me" buttons. After the Friday afternoon assembly, G.A.A sponsored a "Powder-Puff" football game.

At the football game the Freshman float "Can the Broncos" won first place. The game ended with an exciting 23-0 victory over Union Grove.

The Homecoming Dance was held Saturday. Dancers enjoyed the music of "Ocean". Jim Collins and Beth Bogart reigned over the evening.

A special thanks goes to the class advisors, Mr. Bejin, the Student Council, and everyone who helped make Homecoming '81 a big success.

One BIG happy family

When Dave sings everyone listens.

This year's plays were chosen as spoofs on plays from the past. The fall show, *Pure As The Driven Snow or A Working Girl's Secret* by Paul Loomis, was a satire on the serious melodramas during the Victorian era. The spring show, *The Boy Friend* by Sandy Wilson, took a tongue-in-cheek look at musicals done in the 1920's. The cast of the fall play really got into the spirit of the old melodramas-complete with broad facial expressions, overdone gestures, posturing, and excellent timing. The crew built a fine set and provided lighting, costumes, make-up, and sound effects to greatly enhance the actors' performances. *Boo, Hiss, Cheer, Applaud*, and *Sing Along* signs were used to get the audience to join in on the fun; which they enthusiastically did. Director Hausman called this one of his best shows!

Looking Back At The Fashions

To look back at the fashion history of Wilmot High School may be a bit shocking. In the beginning the women wore long skirts, then they became mini-skirts. Today long skirts have come back, and even the mini skirts have. Men's pant styles haven't changed too much, except to go from straight legs to flares to bells and back.

FRESHMEN CLASS OFFICERS

President PHYLLIS TAYLOR
 Secretary DICK ALLEN
 Student Council LENARD FISCHER

THERE was a great tumult on September 5, 1939 in Wilnot High School. It was the first day of school. Fifty-three freshmen entered the school on that day. We were very "green" and some of us were just a bit frightened.

After the first bell rang and all was quiet we heard those baffling rules and regulations which we were to hear so often later. Then there was registration and we went to some of our classes. All through the day we listened with awe to our new teachers and also to some very superior upper classmen.

But such was not to be our life for long. We elected Phyllis Taylor as class president and John Sokolski as secretary-treasurer. We also elected Lenard Fischer as our representative to the student council. Our class members joined B. A., G. A. A., The Future Farmers, and the Home Economics Club. Many of them took part in musical activities, including band, girls' chorus and boys' chorus.

At one of our first class meetings a sophomore class member came with a message. On a certain day we were to come to school dressed in queer clothes and prepared for the worst. It was initiation! As the Freshmen were brave fellows, they survived the day and by night were quite ready for the dance given in their honor. On February 16 we repaid the Sophomores with a dance given in their honor.

When the time for the school carnival arrived, the Freshmen gave their wholehearted cooperation. Competition in selling tickets was keen, but on the night of the carnival we had the honor of having our candidate, Phyllis Taylor, crowned queen of the carnival. Our candidate for king, Frank Derler, served as gentleman in waiting. The carnival was a real success.

Later in the year we welcomed four more freshmen to our class. With their help we put on a very successful assembly program.

And so, as we, "the Class of '43" leave the Freshman class to become sophomores, we will always remember our freshman year as one of hard work, fine achievements, and lots of fun.

A Freshie's View of High School

THE TEACHERS

Miss Lamb is feeling gentle,
 Miss Faber is feeling fine,
 Mr. Minsart looks on calmly
 As the bell rings at fifteen to nine.

THE SENIORS

Now here come the Seniors so grave and bold,
 They look scornfully at everything young or old,
 But the way they fall down under Miss Faber's eye
 Is certainly a sight to make anyone cry.

THE JUNIORS

Then along come the Juniors with voices so loud
 That proclaim that they are a merry old crowd,
 But these merry old Juniors go down without a fizz,
 When along comes Miss Lamb with her geometry quiz.

THE SOPHOMORES

They certainly are making a fall in education's light,
 Tho' the marks they are getting are certainly slight.
 Their looks to the Freshies to High School just born,
 Are filled with a plenty of wisdom and scorn.

Freshmen

GETTING ON THE BUS

And now we close our visit at Wilmot, as we have so many school days there, by taking our place on the crowded bus as it pulls away.

We may leave its halls, but memories of the faculty, the classes, the games, the friendships and the good times we have shared here can never be forgotten.

So let's give a parting toast to our alma mater by joining in a yell for Wilmot!

U---rah---rah---Wil---mot---High
 U---rah---rah---Wil---mot---High
 U---rah---rah---Wil---mot---High
 Yeah!!!!!!

Advice

There was once a little Freshie,
 But his friends were very few,
 For he thought that there was nothing
 In the world but what he knew.
 So he always in the schoolroom,
 Had a very forward way
 Telling Seniors, Sophs, and Juniors
 What they ought to do and say.
 "Little Soph," he said, "I wonder
 Why you tease the Freshies so,
 Weren't you once a little Freshie
 Not so many years ago?"

"And I wish, my old friend Junior,"
 He began to her one day,
 "That you wouldn't sit all morning
 Learning rules that awful way;
 Won't you come into the classroom
 And work algebra for me?"
 "If I do," said studious Junior,
 "To my classes I'll be late."
 "Prof won't care," replied the Freshie,
 "And no matter if he does.
 Are we Freshies very different
 From what he ever was?"

To be very wise and show it
 Is a pleasant thing no doubt,
 But when Freshies talk to Juniors
 They should know what they're about.

As Freshmen, we never expected to deal with all the complications we faced on our first day. We overcame problems such as getting lost, being late for classes and falling for the traditional elevator ticket offer. After we got on our feet, we proved we were a strong and united class by winning the float competition at Homecoming, not to mention the spirit contest. Our Homecoming attendants were: Sandy Nichols and Brian Calkins. We were led by class officers: Ken Bergman, Jeff Saucerman and Michelle Carmichael.

SOPHOMORE CLASS OFFICERS

President	DICK ROBERS
Vice-President	EDNA HANSEN
Secretary	EVELYN EVANS
Student Council	ANDY ANDERSON

THE following will concern the chronicles of the Sophomore Class of 1940:
In September, 1938, fifty unfamiliar "greenhorns" known as Freshmen enrolled in Wilmot High School, but when June arrived there were approximately forty-seven survivors.

Mr. Frank and Miss Berger were our faculty advisors. By popular vote Marge Wange was elected as class president; Evelyn Evans was elected vice-president; Janet Fiesel was elected secretary-treasurer; and Arthur Carpenter was chosen as student council representative. These officers proved to be very efficient in their class administration. The candidates for carnival king and queen were Dick Rober and Edna Hansen. The Sophomores welcomed the Freshmen with a dance, but no initiation was held.

When spring came, the class presented its assembly program. The program was put over with a "bang" and we dare say it was the best assembly program given.

The year closed quietly and until September the Wilmot Union Free High School was quiet again.

When September of 1939 arrived there were several missing from the ranks of the present Sophomore Class, but there also were several new additions. At the first class meeting, class officers were elected. Dick Rober was elected president; Edna Hansen, vice-president; Evelyn Evans, secretary-treasurer; and Andy Anderson was elected student council representative. Mr. Duffy was to be our class advisor. Andy Anderson and Marge Wange were elected as candidates for carnival king and queen.

Initiation for the newly arrived freshmen was held and on the evening of the same day a dance was given in honor of the Freshmen.

The second task was putting on a show for the Carnival. Mr. Duffy worked hard to make it a success and he was richly rewarded.

The third and biggest task was to put on a minstrel. The class decided to substitute a musical comedy called "Apoplexy for the Teacher" for the traditional minstrel. A committee of four students, Miss Duke and Miss Barnes, and Mr. Ende worked out a very successful play.

When the Sophomore Class presented its assembly program, it repeated its last year's triumph with a big success, a German band farce-comedy.

The assembly program was the last big class undertaking for the Sophomores. As we go to press the class is helping to put out this annual and after that we will just wait for old "Father Time" to convert us into juniors.

WE LEAD, NOT FOLLOW

Sophomores

The Sophomores

First we'll consider Kelly
Who comes from Silver Lake,
He rides to school in a Ford
And is usually late.

Next we'll talk about Murphy,
(His other name is Lawrence)
He rides his horse from Trevor
And is even here in the torrents.

Now let us write about Gertrude,
The tall one of our class,
She travels eight miles from Salem,
And she's a studious lass.

While we're telling about the studious,
We'll write about Gertrude's friend,
Dorothy also comes from Trevor,
In the snow, the hail, or the wind.

Right here we'll take up the Wilmot boys,
As you will easily see,
There's Irving and there's Lavester,
And last but not least—little me.

There are still two more to explain,
Avis and her chum, Florence,
Avis comes from Camp Lake,
And from Bassetts doth hail Florence.

Now that I've told you of all
Of us folks of the second year,
Please raise your voice for the Sophomores
And give them a hearty cheer.

Sophomores Show Their Stuff

Another year, another step towards our independence. We survived our Freshman year with flying colors and are now pros in the game of education. We've gained many new friends and conquered many obstacles. A few dented fenders, a couple of trips to the water fountain and we can do anything with our fearless leaders: Mary McRae, Dionne Laing and Teri Chapleau guiding us through ordering class rings, joining new clubs and making ourselves known - being upper classmen will be a breeze!

JUNIOR CLASS OFFICERS

President BOB ELVERMAN
Vice-President HERB KOLMOS
Secretary JOHNNIE HEFNER
Student Council DOROTHY SMITH

ON September 7, 1937, there appeared at the Wilmot Union Free High School, a group of somewhat bewildered young boys and girls. This group was the present self-assured Junior Class.

The first opportunity for this group to assemble as one body was at its first class meeting. From its ranks, the members chose Bob Elverman, Lloyd Baysinger, and Evelyn Sarbacher officers to lead us, the present members, down the somewhat obscure by-path of our year as "greenies."

The major event to take place in our lives as freshmen was initiation by the Sophomores. As a whole our class stood up well under the taunts and jokes of the upper classmen, taking "it" in good humor. Returning good for evil, we gave a party for the Sophomores.

A goodly number of us were musically inclined, to Mr. Ende's delight, and went out for the band. Also we had members who made their bids in the field of athletics to uphold the prestige of Wilmot High. Spring arrived before we knew it bringing our first year at Wilmot to a close.

The following fall found our class once more back on the trail with high hopes and ambitions for the coming year. We were no longer green "freshies" but were now mighty sophomores with a new group of freshmen to ridicule. That year we elected Earl Richter, Elaine Vander Zee, Ardys Hegeman, and Bill Davis as officers.

Instead of initiation we took pity on the Freshmen and gave a party for them.

The first real chance our class had to work and cooperate together as a body was in the production of the minstrel which we gave in March. In the ticket campaign, the boys were pitted against the girls with the losing side giving a party for the winning side. As the girls overwhelmed the boys in the number of tickets sold, the boys were to give the party duly and legally held in the County Park in May.

June soon rolled around bringing our sophomore year to a close.

The summer vacation went swiftly and September came. We were now Juniors and looked down on the lower classmen with a full measure of scorn.

In the fall of 1939, we elected Bob Elverman, Johnnie Hefner, Herb Kolmos, and Dorothy Smith as our officers to uphold the prestige of the class in the coming year.

Our class was now playing an important part in the functions of the school. We were well represented first on the athletic teams, music groups, and other organizations.

One of the most important events of the year was the Junior Class Play. The play, "Relatives By Affection," was given March 8th before a goodly crowd.

We now turned our attention to the presentation of our assembly program. Members of our class having talent offered their services for the common cause.

We are now looking forward to the "prom" which we hope to make a huge success.

Juniors

A Psalm of Life

(From a Junior's point of view)

Tell us not in careless accents
That geometry's not complex;
For our ears need not thy judgments,
And our nerves do not relax.

Even though you may be Seniors—
You forget what you thought once.
Just own up your thoughts as Juniors,
Make us feel less like a dance.

We all know school-life is transient;
So why with geometry stroll?
Euclid's dead, and Thales is ancient,
But the dead are not our goal.

Life is short, the time is stealing;
And the year is on the wane;
But some Juniors have a feeling
That the Seniors talked in vain.

And though Seniors all remind us
That they passed so easily,
Still they say we'd best be studious
As so bright we might not be!

Still, when we are Seniors mighty,
Shall we not ease Juniors' minds
Though we give in language flighty
Consolation to troublous times?

Consolation that another,
Struggling thru his Junior year
A forlorn and shipwrecked brother
Shall take heart and discard fear.

Upper Row—Lyle Pacey, Earl Blood, Winsor Madden, Gordon Dix, Deane Loftus, and Norman Jedele.

Center Row—Malcolm Dalton, Clinton Voss, Norma Eilers, Arthur Bloss, and Lester Bufton.

Lower Row—Zona Newell, Naomi Elson, Loretta Hazelman, Miss Meyers, Gladys Miller, Gertrude Berry and Mary Daly.

Junior Creed

We believe in studies,
We believe in work,
We believe in trying
Lessons ne'er to shirk.
We believe in striving
Onward toward the goal;
We believe in trying
To be on the "passing" roll
We believe in winning
Honors far and near;
We believe that teachers
To us are very dear.

All of which are only
Simply our beliefs;
For what we really practice—
We refer you to our "chiefs."

The year seemed as though it would be an easy one, yet we were proved wrong. As juniors we were made to fill out forms for career and college tests. What a pain! However the year did hold a lot of excitement.

We received our class rings, some of us purchased cars and the biggest event of the year had to be planned and paid for Prom. As our officers, we elected Dave Bialeck, Ann Bogart, and Jenny Green.

School Calendar DAY BY DAY IN EVERY WAY SEPTEMBER

1. First day of school. Some freshies.
9. Emerson Schmalzfeldt is very proud of the fact that he is no longer the smallest boy in school. William Engberg enrolled in the Freshman class.
12. Earl Eilers fell down the stairs.
13. Mr. Mulder announced that he would make no rules for the year, as the students were so well behaved (P).
14. Each class is thinking of its float for the fair.
17. School was dismissed early because of hot weather.
22. The West Kewaunee County Fair has begun. The floats were judged and the Juniors have first prize. The Seniors gained second place, Freshmen third, and Sophomores fourth.
24. Last day of the Fair and no rain yet.
29. Earl Blood got to school on time.

OCTOBER

1. Malcolm Dalton behaved himself all during the second period this morning.
4. We were entertained by a party given by the Pepper Club in honor of the faculty.
7. Mary D. had her privileges taken away for today.
10. The Agriculture boys went to Madison for the Stock Judging Contest with Mr. Schurer.
11. The basketball season has begun. We had a pep meeting under the leadership of Norman Jodelle.
13. Earl Eilers has been chosen assistant cheer-leader. He proves to be very graceful.

NOVEMBER

- 1-7. Teachers' Convention and no school.
9. Everyone is working hard, for six-weeks exams begin today.
12. John Haggerty visited Mr. Mulder in the office part of the day.
17. Mr. Mulder made us stay after school for making too much noise during the noon hour.
24. Class pictures for the Echo are taken in the Gym by Mr. Sydney.

DECEMBER

1. Pictures are taken for the Echo. Everyone is criticizing the pictures and deciding which is best.
2. First basketball game played with the Alumni.
5. Junior class rings arrive.
9. Debate held in Social Problems Class. "Resolved, The closed shop is better than the open shop." The negative side wins. Defeated Richmond in a double overtime game. George Richter made the winning basket when he threw the ball half the length of the floor, collapsing after he threw it.
23. Christmas vacation begins. Merry Christmas and Happy New Year are heard everywhere. We have a party in the Gym. Gertrude Genger favored us with many beautiful Christmas selections. She was accompanied on the piano by Marjorie Van Lier.

JANUARY

2. We're all back again. Many new dresses, coats, and sweaters are worn.
1. Richmond defeats our boys in the Richmond "cracker-box."
6. Mr. Mulder has decided to go to his dinner at 11:15 rather than 12:00, for he thinks that the students need supervision during the noon hour.
11. We defeated Waterford 10-11.

The Board of Education

MR. OTTO SCHENNING, *Director*
Silver Lake, Wisconsin

MR. R. C. SHOTLIFF, *Clerk*
Wilmot, Wisconsin

MR. GEORGE DEAN, *Treasurer*
Husett, Wisconsin

For efficient and careful management to insure a successful school, a primary prerequisite is a capable school board. In Mr. Otto Schenning, Mr. R. C. Shotliff, postmaster, and Mr. George Dean, hardware merchant, the Wilmot Union Free High School has been fortunate in having a board which fulfills all the qualifications to the letter. By their splendid interest in the school, ever-ready cooperation, and untiring efforts they have done much to make the school stand out as one of the best. To them the students and teachers extend their most grateful appreciation.

FACULTY

MISS RUTH E. THOMAS

When not correcting the tests and themes of her English classes, Miss Thomas spends much of her time enjoying good music and plays, or reading interesting books. Besides teaching English and Latin, Miss Thomas is one of the advisors of the Girls' Dramatic Club. Planning dramatic activities and coaching numerous plays keeps her busy. Golf also hath charm for her. She left West Salem to attend the University of Wisconsin, from which she holds a B. A. degree.

MR. WILLIAM V. LIESKE

The intricacies of numbers and the deep mysteries of pure facts enticed Mr. Lieske to be a teacher of Mathematics and Science. Athletics, particularly baseball and basketball, are his chief diversions. Lose or win, the boys coached by Mr. Lieske keep plugging and plugging. In his spare time one finds him experimenting with all sorts of chemicals and devices. His home is at Eau Claire, Wisconsin, and he is an alumnus of the Eau Claire State Teachers' College.

MISS MILDRED M. BERGER

Shorthand and typing she knew full well, and spared not to impart all she knew. Miss Berger's musical ability finds an outlet in the High School Orchestra, and she is the pianist for the Girls' Chorus. She finds much pleasure in collecting rare coins and stamps. Since she took charge of the Commercial Department, the room is a source of keen delight to anyone interested in famous sayings. Whitewater State Teachers' College is her Alma Mater and Genoa City her home.

MISS ALICE S. KUENZLI

It is Miss Kuenzli who keeps our library in A No. 1 condition and teaches History and the Social Sciences. She takes an active interest in the Girls' Dramatic Club and other activities, among which is the development of an interesting gym class, for which the girls are decidedly grateful. Golf and ice skating are her favorite sports. Living in Waukegan, she took advantage of the opportunity offered by Carroll College and received a B. A. degree from same.

The Janitor

E. VINCENT

In order that any system may work with the most possible efficiency it is necessary that subordinate positions of responsibility be filled with competent men and women. So it is with our school.

Our janitor, Mr. Vincent, has done a great deal toward making our school activities run smoothly. It is through his efforts that the building is so uniformly heated, that much lost property is found and that the yard is so well kept.

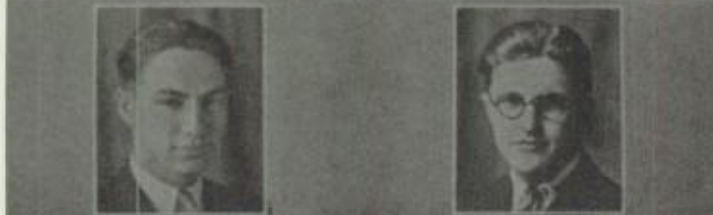

At nearly every turn in the halls students are found in search of the janitor, and Mr. Vincent is always willing to aid them. Mr. Vincent attends to the heating and lighting system, and is plumber, carpenter, electrician, mechanic, engineer, according as he may be requested to act.

LECTURE FOLLOWING PURNACE EPISODE

When the Prof Was Away

One's there were some senior boys who never would obey. They were always up to something when their teacher was away. And one's when they got started at their work down in the shop. A certain one suggested that their work they ought to do. So they climbed up in the little room that's just behind the fan. To see what it was made of, and if it really ran. But, alas the trusty janitor while on his daily round. Closed up the door behind them, and to stay there they were bound. "It's awful hot," said one of them, "I wish F. K. were here." Then came the words "Come help us out, we'll smother and oh dear." The teachers scrambled here and there to find whence came the noise. They found them in the basement—two vestigial' boys. They crawled out on their hands and knees. All sheepish like and red. "We'll never, never, never, go in there again," they said.

Introduces ITS WORK

LATIN

WE believe that education is essentially of a two-fold nature. It is the inherent privilege and duty of every individual to be a producer. This entails the mastery of techniques and skills, of habits and attitudes, as fundamental to the successful accomplishment of this end in our society. No less important in a society of mass production and resultant leisure time activity is the place of every individual as a consumer. Wise consumption is no less important than adequate production. Consequently it is our aim not only to teach the work habits necessary to production but the social habits desirable in consumption.

HISTORY OF U. F. H. S.

Our High School, like all other things, has a life history. This history may not be very interesting but, nevertheless, it should be known.

U. F. H. S. has not possessed this title throughout its life. In the year 1879 the school was first founded. It was not at this time a High School, but it contained the ninth and tenth grades. There were but two teachers employed to conduct the work of the school. These teachers remained here for a number of years.

In the year 1904 through the combined efforts of Superintendent Geo. Taylor and Mr. Minsart, the school changed to the Wilmot High School. A regular four-year course was installed. Mr. Minsart and Miss Perdu were the conductors of this new regime. The work was very successful and it was during this same year that a new addition was added to the school.

In the year 1911, an organization was formed for the purpose of changing the W. H. S. to the U. F. H. S. This change was advocated by the public at large for the purpose of making it more convenient for the children of neighboring towns to attend high school. This change broadened the territory of the school, thereby lowering the expenses of maintaining it. The new territory included all of Salem and parts of Randall and Wheatland townships.

Under this organization three teachers were employed, of which Mr. B. M. Squires was principal. It was through his influence that a four-year agricultural course was installed. He pointed out the necessity of this course to the people, by the fact that many were from the farms.

There are still many modern improvements needed in our school in order to make it an ideal one. The four-year agricultural course, the fine situation of the school, together with the athletics patronized by the school, have made it rank high among schools of its kind. We are all looking forward to the big event which is to take place this summer by which we are to have more room. We surely will appreciate this, but we will be very sorry to see our faithful old high school vanish.

Mr. Charles Hinterberg - Principal

Mr. Russell Clouse - Director of Instruction

Our school is run by four very dedicated Administrators who work together to improve our school. Mr. Olson is the man who keeps the school in financial health, which is no easy task. Mr. Berg keeps the Athletic Department in shape. Mr. Clouse is here to help the teachers do their jobs as well as they can. Mr. Hinterberg works hard to keep the students in line and the school running. He has a tough job which he does well.

Mr. Larry Berg - Truant Officer, Athletic Director

Mr. Gene Olson - District Administrator

This group of people are responsible for the way our school functions. This is no small task, there are many enormous jobs involved, such as our general rules. Those people spend hours upon hours in meetings, listening and trying to make the best decisions possible on important issues concerning everyone at Wilmot.

"Do you understand?"

The Science department helps to answer all those questions about the earth, different substances, the atmosphere, and life in general. In these courses we learn how to test for different things that we often wonder about. We learn about the things that we once thought were so complicated, but now know they aren't. Our Science department will help us in the future: dealing with life, and the things that will occur throughout our lives.

"Did you do this?"

"See that?"

The Business Education department stresses helping students who plan on working in various office situations. This department tries to give them some background in record keeping along with how to manage their money. These are good courses to take for college, giving the students the background they need in business areas. When the students take these courses they are making themselves more aware of the real business world.

The Math department teaches students how to work with numbers and to comprehend situations they can be used in. These courses are all very important to our futures, because our lives will always be put in contact with different figures and sums. This year the math department had a new addition, a computer. This course was also very beneficial because of the world becoming so computerized.

Frank Vaitkus, Vera Hughes, Allan Larsen

Mr. Vaitkus works hard.

The Art department gives students the chance to express themselves in their own special, creative way. The courses in this department try to make the students see all the artistic beauty in the world. These courses allow the students to show their individual talents in various areas, and give the students a chance to do their own thing.

"What do you want?"

Bakers, Tailors, +

Beth Pedersen, Barbara Lovance

The Home Ec. department is designed to aid the student in the upcoming years. This department teaches students how to cook, sew, and about the development of the family. All of these classes allow the students to apply what they have learned, and work it into their life.

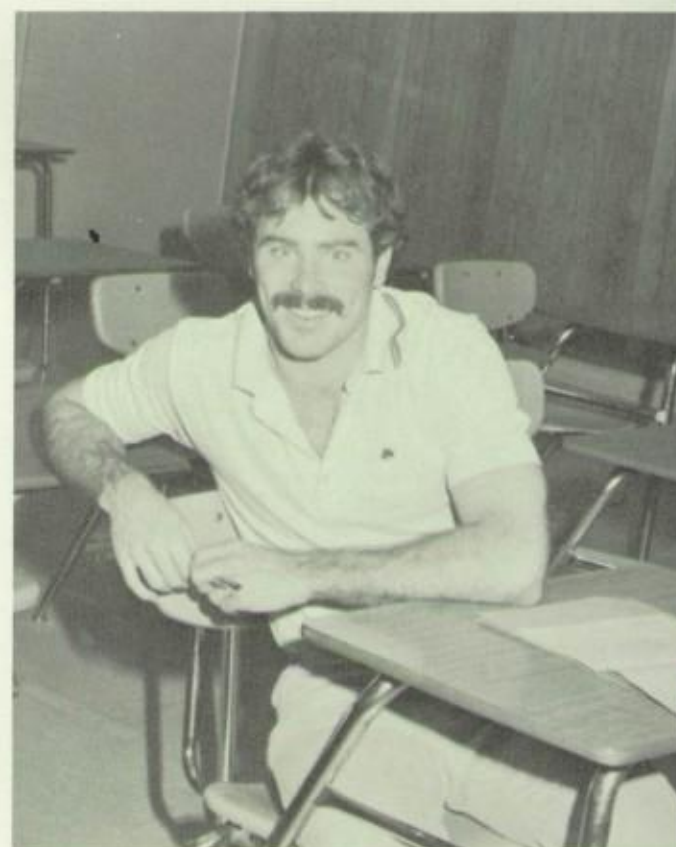

Commas, Periods, Stories, Poems . . .

Left to right: Halene Olszewski, John Steffen, Louis Konicek, Ruth Diderrich, Shirley Williams, Thomas Hausman.

The English department not only stresses the basics of reading, spelling, and speaking, but it also gives the students a chance to study many different types of literature in a way that is enjoyable. These courses are very helpful, not only to those going on to college, but also for those going

out into the working world. English courses have given those who plan to go to college experience in writing papers and studying many different levels of literature. Non-college-bound students learn the basic skills needed for survival.

Noteworthy Pair

"I did it all myself!"

The Music department helps students express their talents and creativity whether it be by singing or by playing an instrument. Students are taught to perform and to appreciate all types of music and musical performances. Students may go on to a musical career, or they may just continue making music for their own pleasures.

Left to Right: Lynn Opitz, Vocal Music; Lance Haas, Instrumental Music.

Maps And Charts

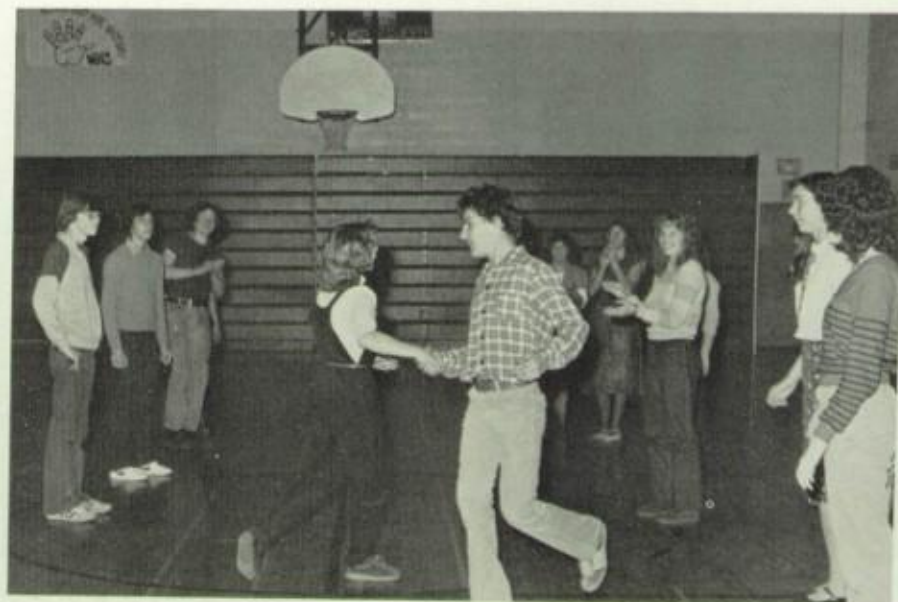

The Social Studies department teaches the students the past and present aspects of other countries and the United States. They make history interesting to make students want to learn more about the world around them. Social Studies gives us the chance to learn about other people and their life styles. This helps us understand why the world is as it is.

Physical Fitness

Front: Michael Ristau. Back (l. to r.): Timothy Nolan, Donna Orth, Jean Gichert.

The P.E. department helps students acquire an interest in sports, to keep in shape and for recreation. P.E. classes give students a chance to work together in teams and to find their physical limits and increase them. Freshmen take Health class which teaches First Aid and the mental and physical care of their bodies.

Señorita Diderrich

Spanish classes teach students to speak a language and help them understand and appreciate customs and life styles which are different from their own. Knowledge of the Spanish language gives students a chance to communicate with people from different backgrounds.

Miss Diderrich shows off her new Mexican Burlesque act!

Crunch, Beep-Beep

John Lueck, Robert Movrich, and Gerald Anderson.

"This is my brand-new car."

Drivers Education is an important course, because it teaches the students how to become safe, courteous, and responsible drivers. It gives them a sense of responsibility on their way to adulthood. This department gives the student the privilege to understand the rules of the road, and actually get behind the steering wheel.

Future Builder Builders

John Lueck, Gerald Anderson, John Franz, and George Troupis.

The Industrial Arts department gives students a chance to do the type of work they enjoy doing. Showing them how to build, fix autos, saw, nail, and wire, students learn to work with their hands, and show their own creativity and talents. These teachers try to make the individuals hands work as effectively as their minds.

"What do you want us to build?"

The I.M.C. is a place where you can go to escape all the hassels of school, and try to finish some of your work. Or, it can be a place to go just to read your favorite magazine. If you ever wanted that special book, and don't know where to find it, you could be sure you'd find it in the I.M.C. If you ever needed help with your research paper, you'd have no problem finding all the information you need in the I.M.C

Schedules, Plans, & Guidance

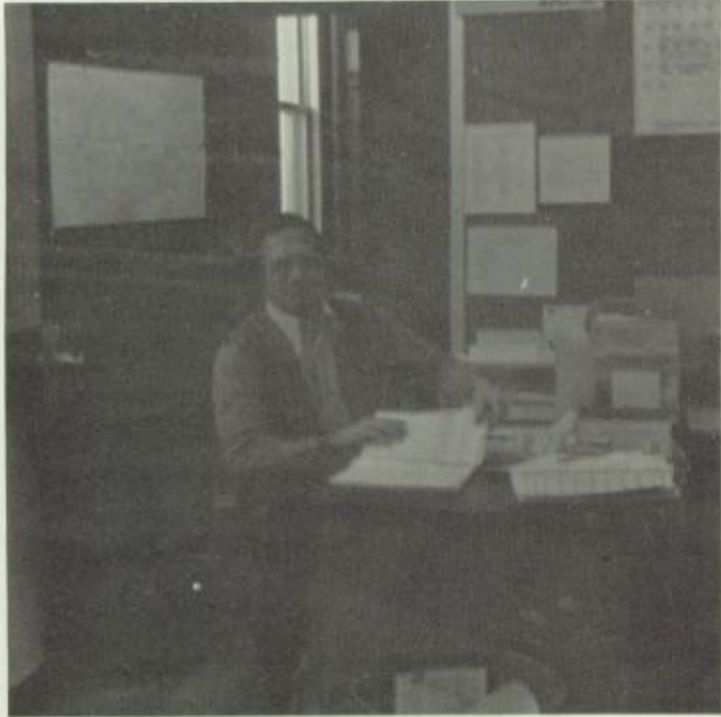

The Guidance department works on a one to one basis with each and every student. They try to prepare them for their next year of high school, or possibly their future year in college. The Guidance department helps to prepare todays students to meet the changes in today's world.

Sara Gilbert and Nicholas Pape.

Special Helpers

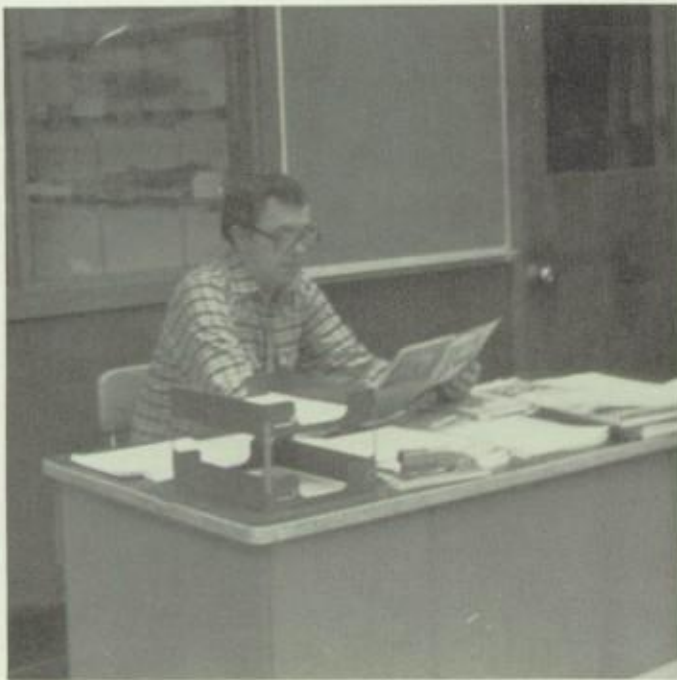

Roger Dodge

The Special Services department is designed to help various students in various ways. These very dedicated and hard-working people help the students to reach their potentials, and meet the requirements of high school. Mostly, these special people help to prepare their students for the future.

"You can't please everyone all of the time", but our Cooks did a fine job at pleasing just about everyone with their highly nutritious lunches. A special "Thank you", which they seldom hear but richly deserve, goes to every one of our very special cooks.

Stretch all that way for a Milky Way.

Twinkies, ice cream, candy bars, potato chips, and pretzels are all things students thrive on and go to the good ol' Concession Stand for. What would we do without it? We wish to thank Jeanne Mozzocci, Peggy Granzow, Dean Nolan, and Maureen Meegan for all their hard work and dedication in putting up with those of us who are too impatient and sometimes get out of hand during the lunch hours. Without you there to give us our much needed "munchies", I don't think we could get through our days here at Wilmot.

Without the hard work and dedication that our Secretaries put forth this school would not run as smoothly as it does. If we didn't have our Secretaries who would write us late passes to class, sell us supplies from the school store (it's the little things that count) and most of all who would type up our lovely report cards?

We would like to extend our thanks to each of you.

The Seniors

Our school days are nearly ended,
Really, they are just begun,
To us they seem never ending,
That's how time affects the young.

It has been a busy season,
We have gained a knowing air,
That is to impress the Freshmen
Their time's coming that is fair.

Life is such a queer confusion,
Satisfaction ne'er is found;
We are always striving, straining,
For a farther higher ground.

Then when we've attained our object,
And we stand aside to think,
How the time that's gone seems precious,
Memory holds us, that's the link.

AYLWARD, CLARICE

Some girls have charm that attracts attention, others charm which must be sought and when found is all the more delightful. Of the latter type was Clarice. She entered Wilton High as a Senior from Kanabos and joined the Girl's Dramatic Club and the Girls' Chorus. If poise and personality always earned, her career as a member is assured.

BERNHOFF, WILLIAM

The renowned king of wisecracks was one found Bill. His clever remarks called forth shouts of laughter from his classmates and amused his teachers. He will long be remembered as right forward of the basketball team and pitcher of the baseball team. A pair of "Golden Gloves" will undoubtedly be Bill's in the future. He was an active member of the H.Y.

DAVIS, RUBY

Dancing was Ruby's favorite pastime, and she played basketball as well as she danced. No task was too hard or problem too difficult for Ruby to undertake. "Dripping" water will mean a "score" was her attitude as she continually applied herself to her work. She took an active part in the work of the Girl's Dramatic Club and Girls' Chorus. Her ambition and desire in life was to be a trained nurse.

DE HILL, WINIFRED

"When you want a thing done call on Winifred" was the oft-repeated phrase of Wilton High. She was very much interested in dramatics and showed her ability in plays staged at various times during her four years. Her talents found an outlet in the Girl's Dramatic Club and the Girls' Chorus. To manage a schoolroom of children was her long cherished ambition. We are sure success will crown her efforts.

GILLMORE, ALICE

How she did like to speak in public, this friend of ours, Alice Gillmore. Ability—she won the Declaration Contest in this school and was second in the district meet. Besides dramatics, Alice loved typing. She was a member of the Girl's Dramatic Club and the Girls' Chorus. To be a successful teacher was her goal in life, but we would not be surprised to find her a Senior A.H. Club leader.

LAKE, CHARLES

"Captain, oh, my captain," thus was Charles known, being captain of the basketball team during both his Junior and Senior year. He was one of the ablest athletes at Wilton High. Charles will long be remembered as the hardest working boy in the Senior class. He was a chap whose ambitions and ideas will take him far in life. To succeed he will replace Mack Wilson as the Club's career leader.

The First Graduating Class—1905

As we complete our final year at Wilmot, we complete the first fifty annuals. This fiftyth annual is a good time to look back through the past years.

Our freshmen year was one which was made up of confusion. We managed to elect our class officers without too much hassle: Laura Keegan, Ann Oestrich, and Kris Brady. We experienced homecoming which was different from any we'd gone through. Our attendants were Tina Sattersten and Eric Greskoviak. We managed to survive our freshman year without too many battle scars.

As Sophomores we knew the ropes a little better. We were more mature and had someone younger than us to rule over. This year we elected Kris Brady, Ann Oestrich, and Beth Bogart as our class officers, and they did a great job. At homecoming Sandra Schiffer and Rich Hildebrandt were our attendants. It was a very busy year - we ordered our class rings, took Behind the Wheel (after what seemed like centuries) and prepared to become upper classmen.

Our Junior year was great! The first thing we did was to elect Mark Ransavage, Beth Bogart, and Maureen Meegan as our class officers. At Homecoming our attendants were Mark Ransavage and Cathy Lorenz. This was a big year - we got our class rings and our drivers licenses, participated on Varsity sports, and sponsored a carnation sale and car wash to help with - PROM! Prom was a lot of work - but work which everyone enjoyed! We chose Mark Ransavage and Kelli Keenan our Prom King and Queen. The year passed by much too quickly, and all too soon we found ourselves having to be Seniors.

Being Seniors we had a responsibility to uphold. We had teachers, administrators and under classmen looking up to us and expecting us to set an example. Our class officers were Mark Ransavage, Beth Bogart, and Chris French. Our Homecoming attendants were Wayne Zembal and Lisa Stoike and Jim Collins and Beth Bogart were King and Queen.

We've had a lot of good times- and many fond memories over the years. We learned a lot - and experienced a new life. As we bring an end to our four years at W.H.S. - we also bring a close to our first 50 annuals.

Just how to defeat the Panther baseball team has become a real problem for other schools in our conference. Some have become so discouraged in the attempt that they have quit spring baseball entirely.

It has been so long since we lost a game on our diamond that our school population cannot remember the time or place.

"Shadow" Richards played four years with the Panthers and pitched a good many games to establish a perfect record during his entire baseball career here, having never lost a game.

Mr. Schurr's signals are so carefully worked out and so cleverly executed that the boys know on every occasion what is expected of them and each tries to do his part well. This splendid co-operation is the largest contributing factor in our long record of victories on the diamond.

Captain Dick Schmidt and Shadow, aided by Kriksa and Bill Schurr, carried out the battery assignments. Dick and Shad are now hitting the ball for Uncle Sam.

Your Athletic Endeavors

Mother constantly expresses her skepticism as to the advisability of continuing athletics, and is certain that you are not able to stand the strain.

Father, to all intents and purposes, is entirely ignorant of your endeavors, and when reminded of them, has nothing to say beyond, "One of the best forms of exercise is cutting wood, and there is plenty of that no farther away than the basement."

As to making your letter, he can make you a fine looking "W" (wood rutting), and besides there would always be split wood on hand. Fearfully though, father is watching you with interest.

Brother condescends to "happen around" when the big event is staged. Sister gives you no credit at all, and considers you as "extra baggage," belonging to the team as a whole. Her conversation with the girl next door about you, however, is very much in refutation of what she tells you.

If you lose, your friends all congratulate you on your own good "try," and if you win, they happen to remark, "light competition," in referring to your success.

But, win or lose, the fellow who misses the above does not get all there is in high school; he is bound to lose defeat bravely and to rejoice in victory modestly.

Keeping Fit

In order that we may keep in a healthy condition so that our bodies will be able to perform their proper work, both food and drink must be consumed in such quantities as will satisfy the common needs and also rebuild the worn out tissue.

In considering the value of different foods, one can hardly ever estimate the importance of milk and eggs. As a result of this, we should not fail to realize how essential these foods are in attaining normal weight.

The United States food administration says: "A quart of milk a day for every child, if possible, and a pint without fail." It also emphasizes the fact that each adult should drink at least one-third of a quart each day.

Milk is indispensable for a child's proper physical growth and mental development. In other words, it not only builds bone and tissue but healthy minds as well. One quart of milk is equal in food value to four-fifths lb. beefsteak, two and one-fourth lb. chicken, one-half lb. hams, two and one-half lb. codfish, eight eggs, one and one-seventh lb. beans, or six and two-thirds lb. tomatoes. According to the nutritive value of many medicines today in comparison to the value of milk, it might be said that should milk be sold in medicine bottles, one would very frequently pay a dollar for a single pint.

The much emphasis cannot be placed on the value of a hot lunch. The child who eats a warm lunch at school will be able to do better work, and as a result when he reaches maturity, will be better qualified to take up the duties of life.

In general, we might say that the diet of the average person consists of food which is too rich, too sweet, or too hard to digest. An ideal breakfast would consist of perhaps a dish of cereal, a soft boiled egg, bread and butter, and some kind of fruit. Cake, pie and delicacies should be eliminated.

Besides consuming the proper kind of food, it is essential that proper exercise be taken each day. Proper exercise promotes the growth of muscle, increases circulation, enlarges lung capacity, and stimulates every part of the body to good healthy growth.

Fresh air is also a fundamental feature for good growth. The child should sleep with his window open in order that fresh, wholesome air is given a chance to replace the foul air in the room.

The question of bathing, too, should receive attention. Baths not only keep the skin clean, quicken circulation, but also add to the enjoyment and bodily vigor. Bathing should be indulged in often. A cold bath should be taken every day if no chill follows. A warm bath should also be taken at least once a week. The cold bath is the most stimulating and strengthening, and if followed by a good rubbing with a coarse towel, will rarely produce any chilly or uncomfortable sensations. The father should keep in mind, however, that a bath taken after a meal while digestion is going on is not conducive to good health. At least two or three hours should elapse between meal time and the time for a bath.

The scalp should also receive attention. It should receive a thorough washing at least once a week. It is very important, too, that the teeth and nails receive their due share of care.

Now, if the underweight keeps himself in a healthy condition, it will take but a short time for him to reach his normal weight. Normal in body means normal in mind—therefore an in-

Girls Make Great Strides

This year's Cross Country season was somewhat of a success story. It showed what hard work, determination, and much patience can achieve. Many of the members of this year's Varsity were the same individuals who had their fill of defeats over the last two years as the program struggled to get off the ground. With their continued efforts and the help of some new recruits, they helped establish themselves as a team to be proud of. In 1979 and 1980 Wilmot escaped a last-place Conference finish only by defeating Badger each year. This year's record of Conference meets was an impressive 13 wins and 4 losses, including an Invitational Championship. The final outcome of the Conference Meet found Wilmot in 5th place with the J.V. winning the Conference Championship.

Replacing number one runner and MVP, Gene Heckel, as well as Captain Rich Hildebrandt won't be easy. But, with a well-balanced team determined to be the best in '82 returning, we should have another successful year.

The Girls' Team, in only its second year, was a very improved squad. They were again led by Becky Wilson (MVP) and followed closely by first-year runners Karen Jacobson and Robin Watkins. It proved to be a successful season as all the girls made great improvements in times and places as the season progressed. The Girls' Team finished in 7th place, lacking enough girls to be one of the top Conference schools.

"Don't we have pretty shoes?"

I want to thank all of those who put in a lot of time and hard work, often above and beyond what was expected of them, to make it a successful season for myself as well.

Varsity Wins Regional Tournament

"Ready?"

"Hang in there!"

Working together.

The 1981 Varsity Volleyball Team consisted of thirteen enthusiastic young women. They were Ann Bogart, Beth Bogart, Sue Dowell, Theresa Dinelli, Jennifer Greene, captain Laura Keegan, Andrea Parisi, Paige Poe, Shelly Rozell, Jill Schyvinck, Karla Singleton, Pam Young, and Mari Yunker.

These thirteen ladies worked tremendously hard throughout our winning season. In conference we were 5-5. Overall we were 8-6. We won the Regional Tournament for the first time since 1974. This feat was accomplished by beating Burlington 15-0 and 15-3, and Badger 15-2 and 15-11.

I will miss the seniors, Beth, Laura, Andrea, Karla, and Pam with their superior leadership qualities. Your dedicated attitudes will help you attain your lifelong goals. Best of luck always.

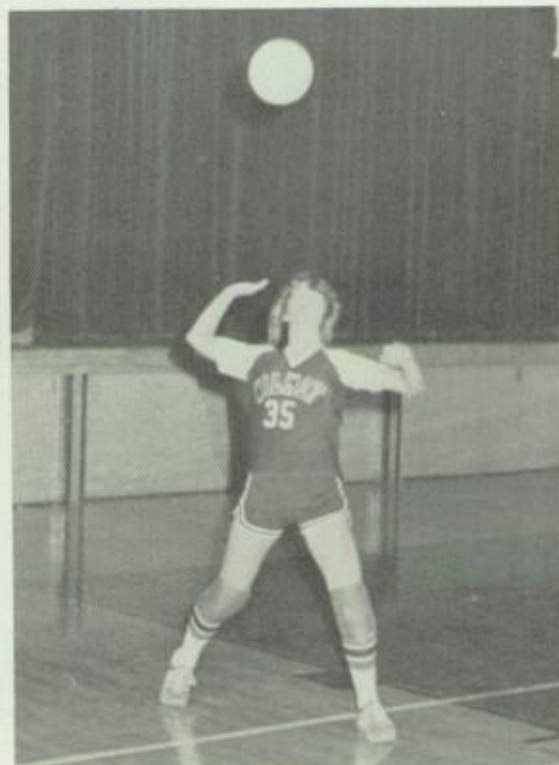

To the Juniors; Ann, Sue, Theresa, Jennifer, Paige, Shelly, Jill, and Mari. I have faith in the ability you possess to improve your skills even more.

You are a great group of girls and I have enjoyed working with all of you. You have worked hard, learned a great deal and are the most cooperative team I have ever worked with. Keep up the enthusiasm! Love you all-

I would like to thank all of you for a very rewarding season. I very much enjoyed being your coach. All of you had the attitude, good nature, and desire to learn, that I look for in athletes. I know it's tough to lose more than you win, but success is not always measured in wins and losses. As a coach, I saw you all improve as individual players and as a team. Our team consisted primarily of freshmen and we played against teams made up mostly of sophomores, yet we were in every match. Our record of 4 and 6 in Conference is something I consider successful. I know you all worked hard this year and I hope you will all be back next year for an even better year. Thanks again. Special thanks to Melissa for doing such a super and dependable job as captain.

A successful season is not always represented by a winning record. Success is also measured by the growth and development of both the team and individuals as they progress throughout the season. I feel that the character and dedication of our team members was demonstrated by their ability to stick together despite a losing season. Most importantly, however, is the fact that each individual developed a sense of character, gained experience, and learned skills which will help them to become successful football players in the future.

This certainly was a year of ups and downs. The thing that we, as coaches, were most impressed with was this team's ability to never give up. This was clearly demonstrated in our 14-13 victory over Union Grove.

Our success can be attributed to a great bunch of guys who learned what it was like to "get-it-all-together" both in athletics and in school.

All of you have gained some very valuable experience and will certainly become a very important part of the Varsity Team next year. Best of luck to all of you.

Varsity Wins In More Ways Than One

"You've got to be kidding me!"

I have really enjoyed working with this group of young men. You have proved to be winners in many ways. I feel that your experience in football this year has gone a long way to making you all better men and more valuable citizens. That is the nature of football and those of you who saw it through will forever reap the rewards.

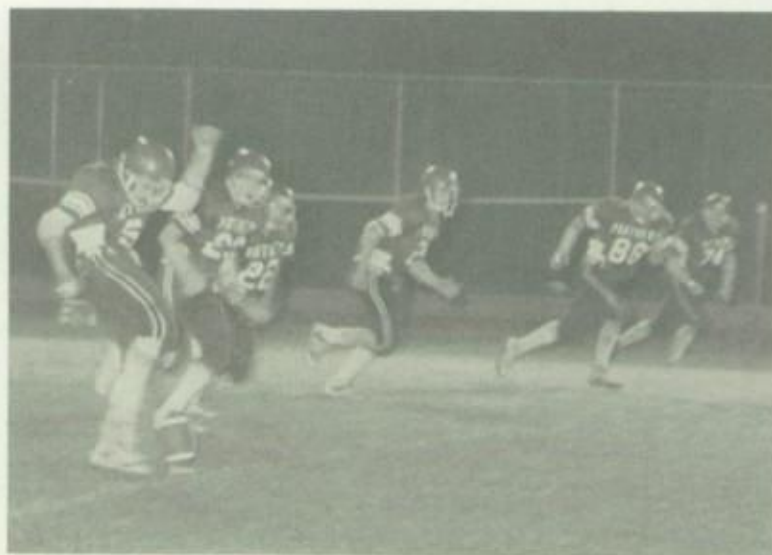

The 1981 squad gave all they had this year and never gave up. They continued to improve right up to our last game. Actually, I wish the season had just begun at the end. You young men really did the job and ended the season as one of the strongest teams in the Conference. I will always be proud of your accomplishments.

Those of you on the Varsity for three years were a pleasure to work with in all of that time. To all the Seniors - you will be missed and remembered. Always be proud of your accomplishments in football. The honors, memories, and rewards were all purchased with hard work. You *EARNED* them. Enjoy them and be proud.

Juniors - I was very pleased with the progress that you all showed. Next year we can couple your experience with the sophomore potential and be just as great as we want.

However, keep this in mind: great players are made in the off-season - and great seasons are made by great players.

I just can't say enough good things about the girls tennis team! They had a great season with a 6-3 record. After not winning any meets at all last year was quite an improvement. Throughout the season the girls worked hard at practices and their skills proved that during the meets (even on Saturdays!)

Congratulations to Kris Brady - Captain, and Karen Faber-Most Valuable Player. You both did a great job at #1 and #2 singles. All of the Seniors can be very happy about their accomplishments this year. Your leadership was a valuable asset to the team. The Juniors and Sophomores improved tremendously and with a lot of practice this summer, we should have another good season next year.

It was a lot of fun coaching such a great group of girls with so much spirit and enthusiasm. I am so proud of all of you.

Gymnasts Show Improvement

Surprise!

Working hard?

Taking attendance.

This year's Gymnastic team showed much improvement in many areas. Again this year, we were short in numbers and experience, but managed to make respectable showings in many of our meets.

I extend my appreciation to those girls who saw the program through, because I know they learned much about not only gymnastics, but about themselves-their abilities, their limitations, their strengths, and their weaknesses.

It is my hope that the girls commit themselves to the sport, and show that they do have the talent and ability that I feel I see in them. Coach Levandoski

Break loose!

The Junior Varsity Matmen showed perseverance and courage as they improved vastly throughout the season. Even though the Grapplers wrestled three weight classes short of a full squad, this handicap didn't get the best of them. They proudly brought home a first-place trophy when they inspiringly won the Big Foot JV Tournament.

Even more impressive was the fact that eight of the nine starters, all first-year wrestlers, finished with a .500 or better overall record. These outstanding individuals didn't earn their starting positions easily. They first had to battle some tough opposition among their own team members before they competed against other schools.

Many of these wrestlers, while gaining little recognition, will be the strength and backbone of the team in the coming years.

Kevin's ready for a take down.

This year the Panther Wrestling Team showed a lot of improvement when compared to past seasons, winning 5 dual meets and finishing 7th in the Southern Lakes Conference. Their most impressive victory was a 53-12 victory over Badger.

Several outstanding wrestlers led the Panther attack. Senior Roy Stevenson placed 2nd in the Conference, 1st at New Berlin West and led our team in wins with a 19-2 record going into Regionals, near falls with 35, and pins with 11. Senior PJ McDonnell had 14 victories going into Regionals, finished 5th at New Berlin West and 6th in the Conference. PJ did a fine job all year long with his leadership and dedication. Senior Kevin Huey finished 2nd at New Berlin West, then because of an injury he missed half the season before coming back to wrestle in Regionals. Kevin was an extremely hard worker and he set an example for the younger wrestlers on how hard one should work. Seniors Rob Cairns and Chris French worked hard and added experience to the squad. Rob finished 6th in the Conference.

Juniors Pete Peterson and Mike Horgan gained valuable Varsity experience this season. We look to them to lead us next year. Pete finished 6th in the Conference, also.

Sophomore Steve Lichter was a pleasant surprise. Steve finished 2nd at New Berlin West and 2nd in the Conference. He won over 16 matches and recorded over 10 pins. Two other Sophomores who really developed as the season passed were Kevin Welzen and Tom Beyer. By the end of the season both Kevin and Tom were extremely tough to beat.

Two Freshmen, Ty Haley and Jeff Carmichael earned Varsity spots this year. They learned the hard way and took their lumps like any Freshmen on the Varsity would. But, the experience they gained will be a tremendous asset to them in the future.

We'd like to wish our graduating Seniors Roy, Rob, PJ, Kevin and Chris the best of luck and hope they've gained a lot in their wrestling years at Wilmot.

Next year looks even more promising as lettermen Steve Lichter, Pete Peterson, Tom Beyer, Mike Horgan, Kevin Welzen, and Ty Haley return.

Coach Movrich

Varsity Girls Are Regional Champs

The Varsity Girls' Basketball Team set a pre-season goal of becoming a very good basketball team and attaining a .500 or better season, and they achieved both goals. They proved they were a very good team throughout the year and achieved the second goal by winning seven out of nine of their last games. At the end of the season the girls defeated Conference Champs Central

and went on to win the Regional Championship and a berth in the Sectionals. Hard work, dedication, sacrifice, and teamwork are words generally associated with a Conference Champ or undefeated team. The girls on this years' team exemplified all of these traits as they worked towards their goals. The team and I

will especially miss the three Seniors: Faber, Keegan, and Young, and the many contributions they made in making the 1981-82 season an enjoyable success. I would also like to congratulate Laura Keegan (Honorable Mention All-Conference), Theresa Dinelli (Second Team All-Conference), and Jill Schyvinck (First Team All-Conference) for their post-season awards. Jill was also selected Most Valuable Player by her teammates and Laura was elected Honorary Capain. It

was a great season.

PASS DRIBBLE SHOOT

This was an interesting year for me. You were a great group of girls to work with. For the most part, you all were ready and willing to practice and play. Although the season didn't go as well as I had hoped, there were some bright spots. Our victories over Central, St. Joe's, and Big Foot were highlights for me. Our tough losses to Badger, Harvard, Elkhorn, and Central were tough to take as we came close, but not close enough.

For you Sophomores: Liz, Kim, Julie, Sara, Serita, Melissa, and Tara - I wish you good luck next year, it was a pleasure to coach you the last two years. For you Freshmen: Beth, Val, Kim, Heather, Michelle, Jill, Maria, and Erin - it was a good first year and I look forward to a second, even better year.

Thank you all for an enjoyable season.

Freshmen Work Even Harder

Rather than giving the customary summary of the season, I would like to use this space to give both recognition and congratulations to the members of the Freshmen basketball team. I feel that each person on this team followed through with the commitment they made to themselves and their coaches earlier this fall. For many of these players this was their initiation into a basketball program that required a great deal of practice, conditioning, and mental toughness that had not been required of them before. All nine players showed a great deal of dedication, enthusiasm and character that has gained the respect of myself, Coach Mike McNulty, and others connected with the program. Good luck in your future basketball seasons!

Sincerely,
Mr. Powers

Basketball is one heck of a great game. I feel fortunate to have had the opportunity to work an entire season with a group such as yours.

While quite a few of you possess the potential to continue playing and contributing at the varsity level, there may be some who do not. Whether you continue up the ladder of competitive basketball or not, I know your knowledge of the game has been increased and your fundamental skills have improved. I hope you felt your time well spent.

Remember, *fundamentals* and *repetition* are the keys to basketball improvement. Set your goals high.

High-Scoring Varsity

Make that basket Rich!

Jeff goes for a lay up.

Jump a little higher, Curt.

Go for it, Randy!

After starting the season slowly, the boys' varsity developed into one of the better teams in the conference. The team was one of the highest scoring in Wilmot history, averaging close to seventy points a game. It was also a very exciting team which had played four overtime contests by mid-season.

The team received excellent leadership from Senior guards Rich Hildebrandt and Jeff Schyvinck. The leading scorers were Curt Schilz and Randy Kazin. Schilz was also the leading rebounder. The other Senior on this years team was Mike Grimes who produced several key plays during the season. The Juniors on the team were Ray Bergman, Terry Bruton, Roy Jensen, Andy Nordmeyer, Steve Edmonds, Mark Bobula, and Dave Bialek. These players along with a strong Sophomore team should provide fans with more exciting basketball in the future.

CHEERLEADERS

A cheer for victory.

Varsity Cheerleaders (Bottom): Yvonne Ericson, Pauline Ermert, Denise Anderson, Patti Hebein. (Top): Lisa Stoike, Sandra Schiffer.

Seniors: Lisa and Sandra.

Sophomores: Leslee Klein, Isabell Riley, Chris Hovland, Colleen Roach, Dionne Laing.

Six little spirit boosters!

Lisa sits proudly.

As Cheerleaders, we experienced friendship, team work, and school spirit. It was a lot of hard work, but also a lot of fun. We met every Monday, Wednesday, and Thursday to practice cheers and make signs and locker decorations to support our teams and show our school spirit.

During the summer the Varsity Cheerleaders attended a Cheerleading Clinic in Rock Island, Illinois. We learned new cheers, ways to improve spirit, and had lots of fun.

Freshmen (Front Row): Andrea Ratchek. Row 2: Paula Furrie, Heidi Rausch, Cindy Borovka. Row 3: Missy Walag. Row 4: Ellen Dennis.

Wrestling Cheerleaders (Front): Amy Meinke. Back: Tina Kerkman, Kim Renner, Renette Holmstrom.

FUTURE FARMERS OF AMERICA

A local chapter of the Future Farmers of America was organized in 1928 under the leadership of Mr. Schnurr. The activities of the organization have been confined largely to supporting judging teams, sponsoring 4-H club work, and developing project work.

We are a part of the state organization, which holds its annual meeting at the time of the judging contest in Madison. This in turn is part of the national organization from which our local chapter holds its charter. Several members are beginning work to compete in the Future Farmers' Oratorical Contest. The officers of the organization at present are Richard De Bell, president; Richard Hansen, vice president; George Hockney, secretary and treasurer.

It is hoped that in the future this organization will accept more and more of the responsibility connected with the agricultural program of the school. This undoubtedly will take several years to accomplish.

Pluck Will Win

When you are feeling out of luck,
Just try and summon up your pluck,
Don't lose heart at your first error,
Or you might begin a "reign of terror,"
Although you might just feel like dying,
You just keep right on a trying,
And just as sure as your chinny-chin-chin,
You'll find that pluck will always win.

HI-Y CLUB

The Hi-Y was organized in September 1927 under the direction of A. E. Noed, Y. M. C. A. Secretary of Racine and Kenosha Counties. The club is under the local leadership of M. M. Schurr, who, together with the following officers: President, Bernard Hockney, Vice President William Bernhoft, Secretary Malcolm Dalton, and Treasurer Lester Bufton, have guided the activities of the club throughout the year. The purpose of the Hi-Y is divided into two parts; the general aims, some of which are; to awaken consciousness of civic responsibility, as to facilitate details of school administration, and to promote a desirable social attitude. Some of the specific aims of the club are; to develop school spirit, establish scholarship standards, and to promote thrift. The time given to the work is a half hour every Tuesday with one hour if a speaker is present. After the business is transacted discussions are held, of which some are; thrift, cleanliness, clean speech, health habits, and honor in teacher's absence. Besides taking up mental training, physical training is also discussed. A basketball tournament was held this spring between four of the Hi-Y organizations, Burlington, Rochester, Union Grove, and Wilmot, of which Wilmot was victorious.

Although the Hi-Y has been organized for but a short time, great things are expected of it in the future. Some of the things that remain for the club to do are; provide for the Christian viewpoint, to demonstrate, experiment, and lead out in certain special fields, to integrate school with other life relationships, to train independent men, and to supplement the school's socializing program.

The Golden Staff

This was a special year for the Annual Staff. Putting together our "Golden Yearbook" was hard work. We spent long hours going through the 49 previous volumes. We learned many things about our school and the Annual.

As we looked back we saw the school grow in student, teacher and building size. We compared classes, clubs, sports, dances, styles and teachers. We found much to laugh about until we realized that the staff who does the 100th volume of our yearbook would probably laugh at us!

We had much help and encouragement from our advisors. Mrs. Weichmann, the Business Advisor, handled the money. She and her staff were in charge of selling the books and the ads. Ms. Lovance took the Layout and Photo staffs under her wing and made sure assignments were done on time.

The advisors could not have done their jobs without the help of the editors. Editor-in-chief Ann Voslar spent many hours chasing elusive copy, pictures, and layouts in time for deadlines. She was assisted by "rookie" Junior Editors Amy Meinke and Lori Koenig. The Photo Staff was headed by Steve Iselin and Jeff Hovland, both of whom were indispensable and did some of their best work in the dark! Becky VanSlochteren and Cherie Gehring put in long hours selling and designing ads, an important and profitable job.

We are proud of the job we have done on our *Fiftieth Panther*. We hope you appreciate the hard work and long hours we have invested in your yearbook. Please remember that we're amateurs.

WILMOT UPDATE

by Dan Lynam

There is a room with a name that few of the students become familiar with.

infamous Yellow Room, or known as the Green Room.

The original Yellow Room was located in the main office. The room measures 3.5 x 12 ft. and has a ceiling of 10 ft.

The room's original use was to serve as an office for Mr. Charles Hirschberg, our Principal who lived here 15 years ago. Three years into the Hirschberg regime it became a "detention room."

It was used for the detention of students until it became an office for our Secretary, Mrs. Strum.

The Yellow Room is now located in the new office complex next to the Home Ec. Room.

The new facilities include two solitary rooms, measuring a snug 8 x 8.5 ft., and have a height of eight and a half ft. In case the two solitary rooms are occupied, there is a conference room adjacent to them which doubles as a Yellow Room. The accommodations in this room include two tables, several chairs, and a spacious 18.. 13 ft. floor area.

Recently interviewed were a few of the students

First Semester Staff (Bottom): D. Seifert, C. Hartman, L. Barty, D. DeVries, K. Davis, J. Doering, B. Greiner, P. Ermert, S. Geirut. Row 2: T. Schuelke, T. Tyler, L. Sattersten, G. Stoxen, P. Young, L. Kaskin, R. Aesche, P. Brown, C. Elkin. Top Row: D. Critase, D. Lynam, M. Klen, J. Ahler, S. Ehlert, L. Needham, R. Bergman, A. Nordmeyer.

Second Semester Staff (not pictured): Jim Ahler, Mark Billings, Marge Calkins, Jani Carlson, Shelly Carmichael, Debbie Danny, Theresa Dinelli, Rich Epping, Wendy Grossman, Diane Hach, Steve Iselin, Cathy Lorenz, Patty Matus, Pete Pakula, Donna Ruud, Cheryl Schultz, Kirk Thomas, Bob Torstenson, Claire Voslar, Rob Wiemer, Debbie Zillmer, Debbie Mueller, Pat O'Brien, Rich Roth.

new one. Most cited the fact that the solitary detention rooms provided no more view than a glimpse of a few passing administrative mid-sections through it's single-door window. However, most said that they enjoy the view of the parking lot from the conference room considerably more than that of Mr. Schnurr's greenhouse.

A student usually isn't "sentenced" to the Yellow Room unless he or she constantly breaks a certain school policy. The Yellow Room is also used for after school detentions if one fails to show up for a previous detention date or is tardy more than three times to school.

Libel, ethics, and responsibilities of the press. All these reflect on what students must learn before they approach the publishing of a newspaper.

The Journalism class publishes the *Wilmot Update*, this year's new school newspaper. The class lets students gain a true feeling of the printed media before the actual process begins.

Working together as a staff is a great eye-opening and learning experience.

When asked if there was a special reason for entering the Yellow Room, Mr. Hirschberg said, "No, the Yellow Room is just a feeling of emptiness. There is a reason for this. According to Mr. Hirschberg, the time spent in the Yellow Room should not be enjoyed. It is meant to be a boring experience. The thought behind this is that the students will appreciate the freedom and information given in classes, and will hopefully reapply him or herself to school work."

The Yellow Room is nothing short of a legend at Wilmot Union High School. So whether one's plight is detention or suspension, the Yellow Room is a sure bet.

Debaters Show Potential

This year's debate team gained a great amount of experience as well as success. As first and second-year debaters, this team did extremely well and has the potential to go to the state tournament in a few years. Congratulations for a great year and the best of debates in the future.

L. Konicek

This year's Forensics team, coached by Mrs. Williams and Mr. Konicek, was mostly composed of experienced people. They competed in a number of contests and festivals. The team competed in the WHSFA State Contest which had three levels in March and April. The Forensic and Debate teams worked in the concession stand to earn money for their awards from the state competition. In May they had a banquet where they received these awards.

"Hard at work?"

The Student Council represented our student body. This group was run by Kelly Breitung, President; Jeanne Mozzocci, Vice President; and Lisa Fox as Secretary-Treasurer.

They do many things during the year. They sponsored the Mr. Adorable contest during Homecoming week. They also hosted the dance on that Saturday. The Student Council sold doughnuts every Tuesday for a money raiser. As a community service they sponsored the blood drive. Here some students and faculty gave blood.

World Travel Club Is
Off On A Trip

A new club has taken the place of the Spanish Club. Miss Diederich was their advisor along with Ann Voslar as President, Craig Stoxen Vice President, Claire Voslar Secretary, Joan Voslar Treasurer and Roxanne Ogden Reporter. They went to Folk Faire and tried different foreign foods. Guests came in and showed slides of where each one has visited. The World Travel Club sounds as though it may be very interesting and worth looking into.

National Honor Society

Kris lights Kelly's fire.

The National Honor Society is a special group of students who are inducted in the fall. They show the highest quality possible in each of these areas; service, leadership, character and scholarship.

Mrs. Gilbert is the advisor along with President Laura Keegan, Vice President Beth Bogart, Secretary Tracy Patterson and Treasurer Jackie Rittmer. These students planned a dance and also worked in the concession stand during lunch hours.

Student Librarians

It takes 3 people to do one job?

Wilmot Student Assistants work putting books away in the library and stamp books. This task is done mostly during study halls or after school. Under the direction of Miss Burkick, President Claire Voslar, Vice President Beth Racz, Secretary Jodi Conrad, and Treasurer Joan Voslar, they help everyone get better use of the books and reference material in our IMC. This hard working club meets twice a month. Their end of the year festivities include a end of the year picnic.

Now Listen ...

Figuring figures.

In this fun-filled club, members went roller skating, held a Halloween party, a Christmas party and an end of the year picnic. Most people think in order for them to be in the Math club one must be an Einstein. This is not the case. The most important thing is to have fun doing math work under Mrs. Anderson who is the advisor. Craig Stoxen is President, Ann Voslar is Vice President and Beth Racz is Secretary/Treasurer.

Girls who are interested in Home Ec usually join this club and find it to be worth their while. As projects this year, the girls worked on Tri-Chem painting. Some were even used as Christmas gifts. Under Mrs. Pedersen's supervision and that of the following officers: Robin Head President, Debbie Boyce Vice President and Secretary-Treasurer Jody Conrad, the girls learned a lot and enjoyed themselves.

The Lettermen Club consists of a group of young men and women who have earned their letters in various sports. They work long and hard hours for these awards.

At the end of the year they sponsor a banquet at LaSalette Center for the lettering athletes, coaches, and parents. At this banquet the lettermen are awarded with various special awards. To earn money for the banquet the lettermen work in the concession stand at football games, and both the boys and girls basketball games.

Ready, get set ...

Mass confusion.

The Girls Athletic Association is a group of energetic and enthusiastic girls. The President this year was Kris Brady, Vice-President Cathy Lorenz, and Secretary-Treasurer Betsy Olson. The girls played bombardment, volleyball, basketball, badminton and this year did something different by having a powder-puff football game during homecoming week. Miss Orth is the advisor of G.A.A. and the girls' would like to thank her for all her time and help over the years.

"Look out world, here I come."

"I hear the ocean!"

"Hey, you!"

"You see this hair?!?"

Sophomore huddle.

Energetic And Enthusiastic

Intramurals was a group of well-organized young men who enjoyed getting together to play basketball. Under the advisorship of Mr. Palmer and Mr. Steffen, the games were fair, competitive, and fun. Intramurals gives everyone a chance to have a good time and share in "the thrill of victory and the agony of defeat"!

Its a bird, its a plane, its ...

Peterson, B. Loster, C. Gehring, D. Bailey, S. Mulcahy, E. Swanson, M. McRae, L. Muller.

"What should we sing now?"

"Open your mouth even more!"

Concert Choir was very progressive this year with the help of the many guys who joined. Under the direction of Mr. Opitz, they learned to improve their voices, to sing correctly, and the fun of going to Contest. The officers were President Kevin Stevens, Vice President Sharen Yeh, Secretary Kim Johnson, and Treasurer Patti McKinney. Everyone worked together to make the year successful.

Tuning up.

Madrigals

Front Row: E. Sanderson, E. Conrad, M. Mravec, S. Yeh, C. Anderson, C. Anderson, L. Bode, M. Meegan. Back Row: Mr. Opitz, V. Pecoraro, M.

"Can you sing without the words?"

Three singing boys.

Girls Choir

Billings, K. Stevens, M. Longway, S. VanPatten, P. Peterson.

Madrigals was the name of the talented group of singers who performed both in school and out. They had a special knack for making their songs sound good. Meeting only one night a week, they showed what a talented and hard-working group of singers could do.

"Now listen to me!"

Front Row: A. Otto, K. Pagel, D. Roberts, C. Payson, P. Conrad, D. Zaleski, T. Tyler, H. Zaleski, S. Hart, J. Torstenson. Row 2: K. Kassa, K. Phillips, T. Monzel, K. Lathrop, M. Corder, C. Do, Re, Mi ...

Teachers singing joyfully.

"Forgot what we were supposed to say."

Chorus consisted of a group of talented girls who worked hard to strive for excellence. They were introduced to new ideas such as sight-reading and accomplished many of their goals including singing in tune. Under the direction of Mr. Opitz and officers President Brenda Lawrence, Secretary Amy Karwowski, and Treasurer Deanna Zaleski, they proved to be successful.

And The Band Played On

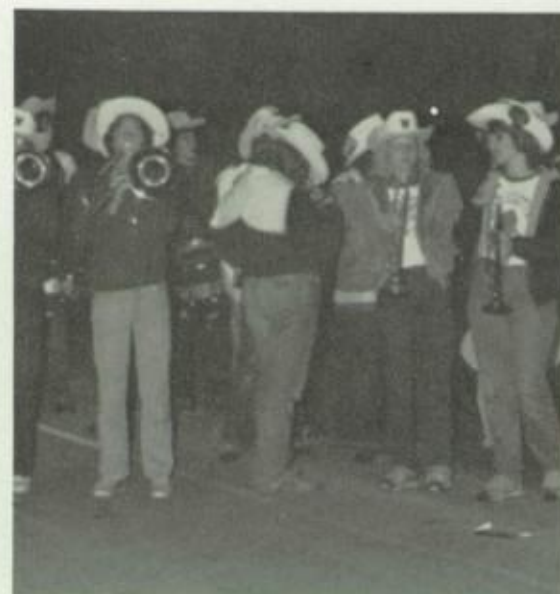

Front Row: B. Schroeder, K. Lathrop, T. Hitchler, M. Aremka, Mr. Haas, M. Smith, J. O'Brien, L. Veach.
Row 2: C. Kennedy, M. Walag, D. Diedrich, L. Grogan, D. Wood, B. Nolan, L. Johnson, T. Marsh, K. Fitzgerald, B. Petritis. Row 3: D. Marcell, D. Wegner, B. Walski, D. Marsh, M. Stromquist, F. Did you ever see a strange man come into Wilmot? He is Mr. Gary Bryne, our yearbook representative. If we ever have any questions or some problems, all we have to do is call. He answers our questions as best as he can.

I met him this summer at yearbook camp. We went to a lot of sessions. If some of them were confusing, all we did was call him over and asked for help. He did a terrific job of explaining it to us. No longer were we confused. You were the light at the end of our tunnel. Thank you so much, Mr. Bryne.

Someone who is often seen at school is Donn Brunns. Mr. Brunns takes the club and sport pictures and develops them. He makes sure they are delivered to the school as soon as possible. When he delivers these pictures, he makes sure we have enough on supply.

He did an extra chore this year. He took the old yearbooks and took pictures of the pages for our special sections of the annual. Thank you very much, Mr. Donn Brunns.

Much of the worries and headaches are on this lady's shoulder. She is both the photo and lay-out advisor. How she does it, I don't know.

She puts a lot of time and hard work into the yearbook. Tedious tasks no one even knows exist are done by her. She types, proofs, and tears.

Believe me this is not easy, I did it once and almost tore my hair out. Miss Lovance does these duties and gets them done to perfection.

She is not only the yearbook advisor, but my advisor. Whenever I felt down, she cheered me up. If I had any problems, she helped me solve them. She is a very easy person to talk to. For all this, Thank you, Miss Barb Lovance.

Here is where the book all starts. These people worked real hard on this book. I will tell you it's not easy. We divide this staff into three parts; Photo, Business, and Lay-out. Each of these staffs worked hard on their assignments. If one does not get their part done, the rest of us are affected. I wish to thank all of you who got their work done on time.

Ann's Thank Yous

Did you know that the yearbook had an undercover agent working on it? Not very many people know what this lady does for the annual. Added to all her regular duties, she has to keep the records for the yearbook. She does such things as keeping track of the yearbooks bought etc. We could not do it without you. Thank you, Mrs. Donna Sonenberg.

Lisa Tenerelli and Dawn Day have a very tough job. They write copy for the clubs, classes, and the faculty. Sometimes they may have gone dry, but never fear, they pulled through before their deadline. Thank you so very much for writing the copy.

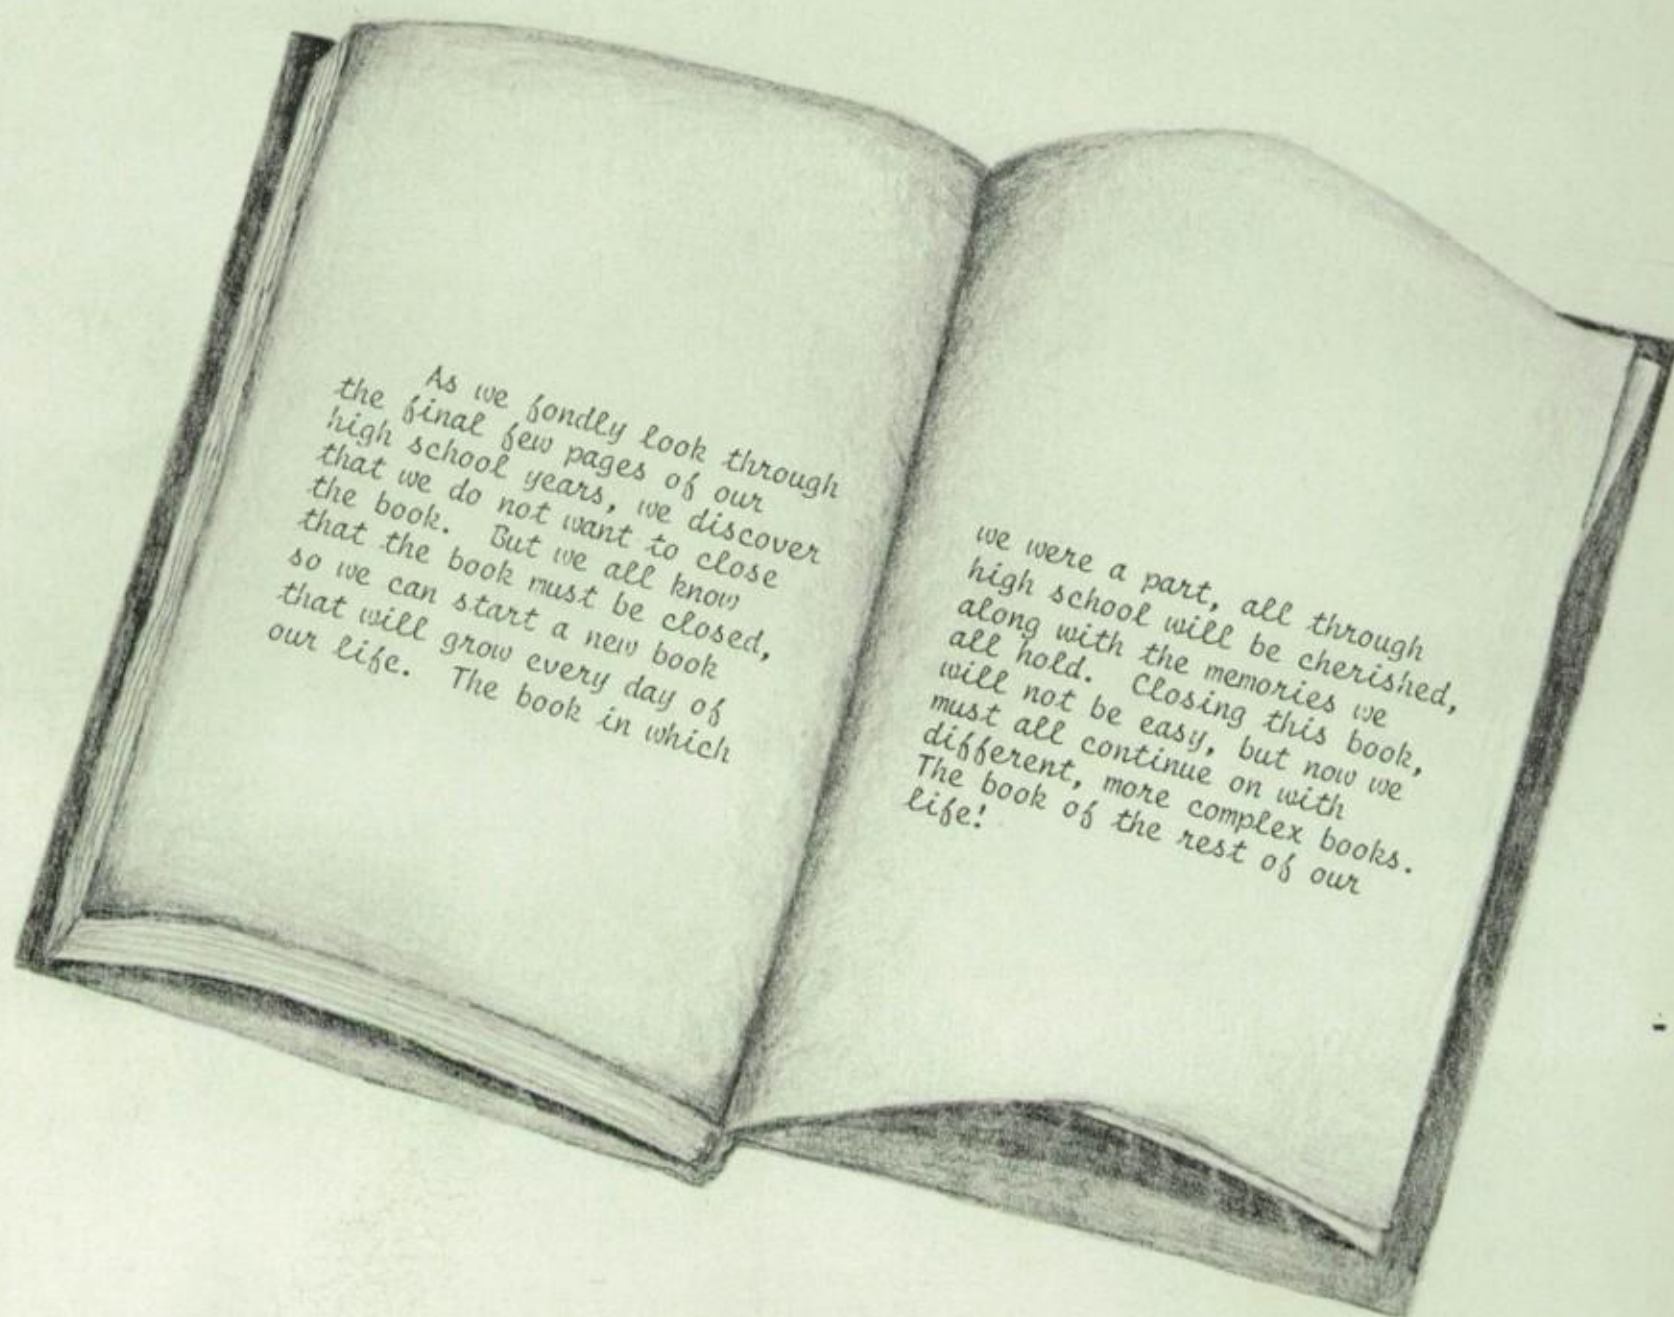

I would like to give Mrs. Karen Gray a short Thank you. On a few occasions near a deadline, she would let me out of her class to catch up on the yearbook. She also was willing to help me proofread. For this, Thank you, Mrs. Gray.

Mr. Richard Heigl is also owed a Thank you. Whenever we called, he came running. He helped us whenever we needed help. For this, Thank you, Mr. Heigl.

Mrs. Jean Wiechmann adds another dimension to our staff. She is in charge of the business staff whose job is to sell all those ads. These ads are very important for the yearbook because it helps to pay for it. Thank you, Mrs. Wiechmann.

As we fondly look through
the final few pages of our
high school years, we discover
that we do not want to close
the book. But we all know
that the book must be closed,
so we can start a new book
that will grow every day of
our life. The book in which

we were a part, all through
high school will be cherished,
along with the memories we
all hold. Closing this book,
will not be easy, but now we
must all continue on with
different, more complex books.
The book of the rest of our
life!
